

**Embark On A Mysterious Sci-Fi Adventure in 'Eseala' On  
STEAM™ Featuring Strange Creatures & Unexpected Surprises**  
*Uncover The Truth Behind The Dark Presence And Distant Memories!*

Nevada City, California, November 14<sup>th</sup> 2023: Indie game developer and publisher *Symbol Thrower* is proud to announce the official release of **Eseala**, a 3<sup>rd</sup> person Sci-Fi inspired exploration adventure game on STEAM™ set in an unfixed world of wonder and mystery. You play the role of a gentle protagonist on a quest to uncover knowledge of the past, present and future while navigating misty cliffs and forgotten pockets of time. As the story unfolds, the truth behind the dark presence and overwhelming memories you encounter is revealed, which leads you to uncover the mysterious workings of the Universe and your role in it!

Game Trailer:

**Eseala** is a short exploration adventure with a rich storyline and puzzles to solve and complete. To progress in the game you must unlock switches, push blocks out of your way and dodge certain otherworldly creatures that you encounter. Sometimes you come across items in the environment that trigger memory segments illustrated in beautiful cutscenes. Chasms must be crossed, and puzzles will appear that hinder your progress until solved. And don't forget to keep a close eye on your energy bar and pay particularly attention to detail at your surroundings as they will contain hidden passages and clues needed to explore further into the mysterious world.

**Eseala** offers an exciting and adventurous Sci-Fi exploration game suitable to fans of the genre and those who enjoy challenging, puzzle-solving fun. Attention to detail is critical to success! Only by exploring all areas of the environment will you prevail and uncover the truth to your lost memories.

**Eseala** is available via STEAM™
