Massively Popular 'Pixel Starships' Finally Emerges On STEAM Offering An Amazing Starship Management Game In An 8-Bit Massive Online Universe *The World's Most Comprehensive Sci-Fi Management Game Is Here!*

Melbourne, Australia, May 24th, 2023: Indie game developer and publisher **SavySoda** is proud to announce the STEAM™ release of the studios critically acclaimed starship management game, **Pixel Starships**. Community funded and previously released on iOS® and Android™ compatible devices, **Pixel Starships** is available on PC and MacOS today as a F2P download via *Early Access*. The STEAM Deck™ is supported as well. **Pixel Starships** is the world's first total starship management game in an 8-bit massive online universe, in which you command every aspect of your ship from construction to battles in a single persistent world. More than 7 million captains have joined the universe that continues to grow in features and popularity.

Game Trailer:
