Blaloon Blalympia 2 introduces the craziest party game ever! Somewhere on a planet far, far away, on *Blanet Blaloonia*, the inhabitants *Blas* live peacefully in a unique world where challenges in life are resolved using balloons; in fact, everything built is made up of *Blaloons*; their houses, their tools, the vehicles, the furniture, and even sports gear. Every four years, the *Blalympics* are held, where four prospect champions compete for the *Golden Blaloon* in a series of fun games with different disciplines, and, in the end, the winner with the most points is victorious.

Blaloon Blalympia 2 is a crisp and colorful game allowing you to play alone in training mode or a multiplayer match against other contestants, up to four players. The game shines when you play against your friends, and you can choose to play against characters from *Blanet Blaloonia* to test your skills against the crazy participant pool, where each character has unique skills to measure yourself against.
