**Arcadia: Colony** takes place in a world ruled by a mysterious cycle; people succeed one another in reaching the Stars while developing advanced technologies and using mysterious powers. Unfortunately, the cycle was interrupted by the People of the Sky, who invaded the Earth with massive bird-like Puppets. You must face the Champion of the Sky and free your home by playing and switching between three distinct characters, each with their unique abilities: play as *Tazpo*, *Airi*, and *Enji* (a mole, rabbit, and porcupine) and explore a fantastic world of Anime-style graphics and meet exciting characters and new friends with fun personalities. Giant bird-like puppets have invaded the colony causing massive damage, and you must survey the environment and explore everything to discover your enemy's strengths and weaknesses. Exploration and teamwork with your trio of heroes are critical to success and if you master the entire game, you will experience multiple surprising endings! Do you have what it takes to prevail and overcome the challenges ahead?
