**AdventureGames.ai** presents to players a vast array of immersive AI-based text adventures that ignites the imagination. Each story in the game is meticulously crafted, drawing players into a rich tapestry of mystery, wonder and suspense. Visits ancient ruins and futuristic cities, enchanted forests, or a trip into outer space. What makes **AdventureGames.ai** unique is its groundbreaking integration of AI chatbots; converse and interact with characters and engage in dynamic dialogue with intelligent virtual companions who respond and adapt their behavior based on your responses. Whether it's solving puzzles, negotiating with allies, or unraveling the secrets of the game world, the AI chatbots offer an unparalleled level of realism and immersion.

# GAME PROMOTER

**AdventureGames.ai** features written and verbal interaction; the game can be played with the speakers turned off, but a microphone is required for communication with the AI characters and the experiences commonly vary from 6 to 16 minutes.

*A version of the game will be released on PC via the Epic Games Store soon!*
