## 'Lost Awakening' On STEAM™ Challenges You To A Classic Point-And-Click Adventure Game Full Of Unexpected Surprises!

*Stranded On A Mysterious Island, What Will You Do?!?*

Eugene, Oregon, June 21<sup>st</sup> 2023: Indie game developer and publisher **Hambug Games** is proud to announce the worldwide release of **Lost Awakening**, a tribute to the classic point-and-click adventure genre featuring witty dialogue, an intriguing story and mind-bending puzzles.

Available on PC via STEAM™ today, you must unravel the mystery behind the strange island you find yourself stranded on.

**Lost Awakening** is full of surprises, unexpected events, and cleverly designed puzzles: you must discover the island's great secret, and while it isn't a smoke monster or an ancient fraternal rivalry, it may just blow your socks off... Along your journey, you will experience your protagonist's comedic catalog of obnoxiously pun-tastic wit, which is certainly not juxtaposed to the atmosphere of the island. **Lost Awakening** uses its unique music and distinct visual style to create an atmosphere not only of mystery and intrigue, but also of hilarity and absurdity. The intuitive controls make navigation and puzzle-solving a breeze.

**Lost Awakening** pays homage to the golden days of adventure gaming and is packed with challenging puzzles that, just like the atmosphere, exude uniqueness. While they will, no doubt, leave you puzzled long and hard at times, the solutions are fair and sensible. Suitable to players of all ages and experience levels, the puzzles can be mastered with a little practice and patience.

*A recent update to the game fixes some technical issues, adds new visuals to the game and, who would have known, adds way more Persian rugs!*
